Aegis® Series

From the lobby, to the hotel guestroom and points in between, popular Aegis Series telephones have an established reputation for performance, quality, and value in the marketplace. Available in single and 2-line speakerphone and feature phone models with 0, 3, 5, or 10 speed dial keys, Aegis Series telephones are preferred by major hotel chains, hotel management companies, and owners. Most models are available on the Scitec national account package pricing program, including free faceplates, speed dial key programming, and shipping in the Continental U.S. with minimum 50-phone orders.
