

H2001

Single-line one-piece telephone

Highlights

- Single-line one-piece phone
- On/Off talk key/Visual ring indicator
- Available in White
- National account package pricing
- 16 phones per case

Healthcare Series

Designed to meet the needs of hospitals, nursing homes, and long-term care facilities, choose from one-piece, and slim line phone styles, as well as our popular side-mount telephone bedrail holder, which fits all popular patient room bed brands. Want to reduce cross-contamination risks, and telephone cleaning and repair costs? Deploy Scitec healthcare telephones as single-use or single patient units. Choose custom phone colors on any Scitec healthcare series phone set model with a minimum purchase of at least 500 units, a 75% non-refundable deposit, and minimum 8 week delivery schedule.

Design

- Compact one-piece design saves space and easily mounts to a bedrail
- Big-button lighted dial pad
- Integrated On/Off talk key
- Long wearing engraved keys
- Desk or bedrail mountable

Volume/Ringer

- 3-step volume control
- ADA-compliant volume control
- Electronic ringer
- HI/LO/OFF ringer control

Feature Keys

- Lighted On/Off talk key
- Volume control key
- Flash key

Operation

- Helps reduce cross-contamination risks when a new phone is provided for each patient or use
- Single-use, single-patient policy eliminates cleaning and repair costs
- Visual ring indicator light provides hard-of-hearing users with a visual notification of an incoming call
- Convenient On/Off talk switch enables user to lay phone down on a bed or table surface without concerns about a call being activated
