

Let TeleMatrix complement your brand

Customize Your Guest Room Telephones with a touch of color, and brand faceplates

Brand ALWAYS matters. That's why you put so much effort and money into building your brand. And that's why TeleMatrix has created a complete brand solution, including your choice of stylish telephone designs to complement the new linear form factors in technology styling in your rooms, plus you can easily add that distinctive color cradle that perfectly coordinates with your brand identity.

Color inserts are optional on the 3300 and 9600 Series.*

Fully customizable faceplates, including your trademark, color accents, and even full color photos, are a favorite with TeleMatrix customers.

Seven (7) color cradle options provide a range of modern accents that makes matching your brand identity a snap. Premium custom-colors are also available when your brand has unique colour requirements.† Contact your TeleMatrix Representative today for more information.
