Millennium Two-Line Speakerphones

Two-Line Speakerphone with MPC™ Technology's PrimeLine™ / RingLine™ Select, Extra Bright Message Waiting and Expanded Faceplate Printing Area.

FEATURES

- **Two-Line Integrated Speakerphone with Volume Control** allowing simultaneous voice and data port connections.
- **Patent Pending MPC Technology.**
- **PrimeLine / RingLine Select** automatically selects the available / ringing line.
- **Electronic 3-Way Call Conference Function** with LED indicator for convenient multi-line conversations.
- **Line Powered**, does not require external power.
- **ADA Handset Volume Boost**, with 8 distinct levels, compliant with HAC/VC and FCC requirements.
- **Millennium 2010: Ten (10) Guest Service Buttons** allow guests to contact hotel services with the touch of a button.
- **Millennium 2005: Five (5) Guest Service Buttons** allow guests to contact hotel services with the touch of a button.
- **Data Port** for easy access to telephone line for laptop modem or fax machine use.
- **Patented MultiX™ Message Waiting Circuitry** guarantees operation of up to 10 phones for suite applications, with a new extra-bright message waiting lamp (up to 300% brighter).
- **Red Message Waiting** lens can be seen from any area in the guestroom.
- **Speaker On / Off Key** with red LED for easy activation of speakerphone calls.
- **Hold Key** places the active line on hold so the second line can be used or a conference call initiated.
- **Hold Release** detection circuit releases calls on hold when the line is accessed by any telephone.
- **Mute Key** deactivates microphone during speakerphone and handset calls. A red LED indicates when mute is activated.
- **Redial Key** automatically redials the last number dialed.
- **Textured Finish** provides durable surface that resists smudges and scratches.
- **Full-length Paper Faceplate** allows customization and makes the telephone user-friendly.
- **Hidden Programming Key** eliminates arbitrary reprogramming of autodial keys.
